Blessings Golf Club is an exclusive golf centric facility designed by Robert Trent Jones Jr. It was built in 2004, made to challenge the expert golfer, and holds the #2 state ranking in Golf Digest. Blessings is the home practice facility for the University of Arkansas golf teams. In addition to the 18 hole course, there is a 10 acre practice area with a full complement of short game stations and the ability to practice on creeping bentgrass greens and ultradwarf bermudagrass. The practice area includes several heated hitting bays along with an indoor chipping and putting facility. Blessings has hosted a NCAA Regional, a SEC Championship, and it will host the Stacy Lewis Invitational in 2016.
